

NEW **NESPRESSO** MOMENTO

DESIGNED FOR MEANINGFUL
COFFEE EXPERIENCES

THE FUTURE OF WORKPLACE

A NESPRESSO PROFESSIONAL STUDY SINGAPORE

We've compiled a report with insights from an in-depth survey and from 3 leading business professionals to help businesses understand key shifts in the way we work, and what this means for employers and employees moving forward.

COFFEE PLAYS A KEY ROLE IN BUILDING WORKPLACE RELATIONSHIPS

Technology has enabled teams to collaborate and connect with colleagues virtually anywhere, thereby challenging the need for meeting in-person. However, it is our relationship with colleagues that makes work feel more meaningful and less transactional.

While the workplace is increasingly becoming more digitized, technology cannot replace the deep human connection that sharing a cup of coffee with a colleague can create.

QUALITY COFFEE PLAYS AN IMPORTANT ROLE IN THE FUTURE OF WORK

Singapore is known to have a competitive work culture focused on 'career growth'. Despite this, most of our respondents picked relationships and wellbeing as their top priorities in the workplace, indicating a shift in attitudes about work lifestyles.

Taking coffee breaks are a key coping mechanism for dealing with stress, especially amidst the uncertain climate facing the workforce today. It encourages people to consciously decelerate, take a break and momentarily remove themselves from work.

66%

agree that a component for strengthening office relationships is coffee

66%

say grabbing coffee with colleagues makes them feel like a part of a community at the workplace

20%

take coffee breaks to cope with stress

NESPRESSO

WHY **NESPRESSO** MOMENTO IS THE PERFECT FIT FOR YOUR BUSINESS NEEDS

ENJOY LATTES, CAPPUCCINOS AND FLAT WHITES

Using the **Nespresso** Momento Coffee & Milk machine or purchase a **Nespresso** milk frother to bundle with the **Nespresso** Momento Coffee machine.

INTUITIVE DESIGN & CAPSULE RECOGNITION

Intuitive and easy to use, the touch screen display guides your employees and customers step by step on how to extract an exceptional cup of coffee. Smart capsule recognition technology individually reads each capsule, and recommends the optimal coffee extraction length so your guests can enjoy a consistent and high quality coffee each time.

A FULL RANGE OF COFFEE STYLES

From Ristretto to Americano, and Macchiato to Latte, your employees and customers can recreate their favourite coffees.

MAKES MAINTENANCE STRESS FREE

The machine is easy to clean, with step by step instructions displayed on the touch screen display.

TOUCHLESS COFFEE EXTRACTION

With health and safety in mind, your employees and customers can scan a QR code with their phone to extract their coffee.

ENVIRONMENTALLY CONSCIOUS

We believe that every cup of coffee should have a positive impact. That's why we've designed the **Nespresso** Momento with long lasting components with easily changeable elements. It also has programmable energy saving modes.

THE NESPRESSO MOMENTO MACHINE RANGE

NESPRESSO MOMENTO COFFEE & MILK 120

87.2 kg, 1221mm x 762mm x 470mm.
- **Full Tower weight & overall space required (WxDxH):**
206.9 kg, 793mm x 577mm x 2090mm.
- **Power supply for the payment dispenser:** 240 V / 50 Hz / 15 W.

COFFEE THAT UNDERSTANDS MILK

TO COMPLEMENT YOUR COFFEE EXPERIENCE, WE'VE DESIGNED TWO NEW PERMANENT COFFEE BLENDS WHICH HAVE BEEN SPECIALLY CRAFTED TO BE ENJOYED WITH MILK.

To create the two new additions to the **CREATIONS** coffee range, **Nespresso** first had to understand the characteristics of milk and its flavour profiles when paired with coffee. The unique blends were designed from a combination of specially chosen beans from across the globe, with a refined process of roasting and grinding to extract the individual qualities and notes of each bean.

The result is **BIANCO DELICATO & BIANCO INTENSO**, two new coffees crafted specially for your cappuccino or lattes, just add milk to enjoy.

CREATIONS
BIANCO DELICATO

ORIGINS
KENYA & INDONESIA

VARIETAL
ARABICA

PROFILE
CARAMEL & SWEET BISCUIT

40 mL

Delicious caramel and biscuit notes will be revealed whilst enjoying this coffee, ideally as a cappuccino.

CREATIONS
BIANCO INTENSO

ORIGINS
COLOMBIA & ETHIOPIA

VARIETAL
ARABICA

PROFILE
ROASTED & CEREAL

40 mL

The dark roasted aromas of this blend balance beautifully with the sweetness of milk. Recommended to be enjoyed as a flat white or latte.

DISCOVER OUR RANGE OF HIGH QUALITY COFFEE BLENDS

Let your employees and customers enjoy their coffee their way with a wide range of exceptional and sustainably sourced coffee blends. All **Nespresso** coffee capsules can be enjoyed with or without milk.

BECAUSE COFFEE CAN BE A FORCE FOR GOOD

FROM THE CHERRY TO THE CUP - AND BEYOND

Nespresso together with the Rainforest Alliance initiated the AAA Sustainable Quality™ Program in 2003.

Our goal was to build long-term and direct relationships with coffee farmers from the world's best coffee growing regions, and improve their productivity, sustainability as well as coffee quality.

As of 2021, we work with 110,000 coffee farmers in over 14 coffee growing countries. We source 95% of our permanent coffee through the AAA Sustainable Quality™ Program.

ALL ALUMINIUM CAPSULES COLLECTED BY **NESPRESSO** ARE RECYCLED

We use aluminium for our capsules as it protects the quality of our coffee and is infinitely recyclable. Our recycling programme gives a second life to your used capsules. We work with local farms, transforming coffee grounds into compost to grow organic vegetables. The aluminium can be melted and reused in everyday objects such as pens, bicycle frames and much more.

Find out more about our recycling initiatives.

EVERY CUP OF **NESPRESSO** COFFEE WILL BE CARBON NEUTRAL BY 2022

We are continuing to reduce the footprint of each cup, and are expanding tree planting in and around coffee farms to compensate the remaining emissions of a cup of **Nespresso** with our NGO partners, the Rainforest Alliance and PUR Projet.

Discover more about our sustainability commitments.
